

## Instructions & Care

### How do I measure my CBD Oil?

Each full size Kurativ CBD Oil box will include a measured squeeze dropper, as well as a spray applicator. 1 full dropper is 1ml. Our packaging includes helpful guidelines and education for measuring your CBD.

### How much CBD should I take?

Everyone is different depending on their size, weight, tolerance etc.. we recommend starting low (approx. 20 mg) and work your way up if desired. 50mg is the suggested maximum dose, taken up to 3 times a day.

### How do I store my Kurativ products?

- 1) We recommend you keep your Kurativ CBD products at room temperature, avoid direct heat or freezing, and keep away from children.
- 2) If you are using our Tincture Oils, ensure to shake lightly before each use to ensure elements are well mixed well - enjoy!

## About Us

/cur·a·tive/

### From Plant to Table

Kurativ Premium CBD was founded with a simple goal in mind - to bring high quality CBD products to the market at a reasonable price.

We are continually innovating and expanding our product line to bring you the latest whole plant options available. **Our products are made to align with your comfort, lifestyle and needs!**

Every Kurativ product is made with hemp that is **organically grown** and of the highest pedigree genetics.

Our hemp plants are **medical-grade** and hand planted in **clean, lab tested** soil. We lab test each and every batch of CBD products we produce. **QR codes** can be found on your Kurativ product box and our website so you can check out the results yourself.

Natural Elements

Lab Tested

Organically Grown

Premium Quality

We choose certified labs that use hydrocarbon or CO2 extraction methods. We follow all Good Manufacturing Policies (GMP) and each batch of Kurativ CBD is tested for cannabinoids, heavy metals and pesticides, so we ensure you only get the good stuff!
