- **7 hr Guided Sea Kayak Tours in and around Nanaimo**
- **Available Year-Round**
- **6 Day Kayak Expedition Discovery Islands**

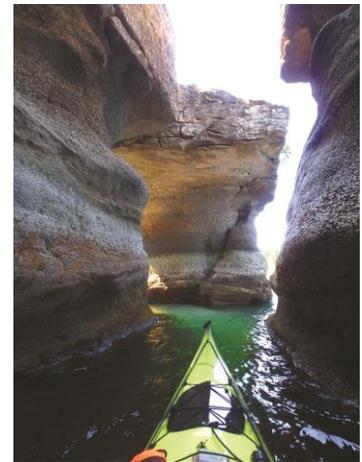

Sea kayaking is a great way to explore the outdoors. You may get close to small and large wildlife and experience the beauty and grandness of the coastline from a fascinating different angle.

Island Römer Adventures is located in Nanaimo, Vancouver Island. As outdoor enthusiasts with a background in environmental sciences and biology, we offer informative and fun tours in and around Nanaimo where we combine our local historical knowledge with environmental details. Our guides are fluent in English and Dutch and familiar with German.

We believe sea kayaking is for everybody; young and old, beginner and more experienced paddler. We use locally-made fiberglass sea kayaks known for comfort and stability. You may paddle in a single kayak or help each other by choosing a tandem sea kayak; we can even place a seat in the centre hatch for the smaller children.

Don't forget your camera! Enjoy the beauty and wildness of the Salish Sea from your kayak and glide along amazing rock formations, trees and wildlife. Sea stars, crabs and anemones can be seen underneath your boat; seals and eagles are nearby. Have a break on a beach and explore the rich biodiversity of the tidal zone.

Tap into your röming spirit and book an adventurous sea kayak experience with us for half a day, a full day or multi-days and let yourself be surprised.

6 Day Kayak Expedition

We also offer a 6 day kayak expedition in the Discovery Islands area for small groups including two experienced certified sea kayak guides:

- 11 – 16 May, 2021: around East Redonda Island;
- 12 – 17 September, 2021: around Cortes Island.

This area is a hidden gem with stunning views, an abundance of wildlife and relatively sheltered waters. For 6 days you will be completely submerged in nature; paddle through glacier-shaped inlets, get chased by seals and pitch your tent on a small island. Wake up to the sound of a Bald Eagle and finish the day with a stunning sunset.
