

## Dog Sled Tours

Experience the thrill of dog mushing hands on. Learn to harness and handle the dogs; relax as a passenger or drive your team of dogs with a guide. Enjoy many photo opportunities and the only traditional Canadian way to see the Rocky Mountains in the winter. Immerse yourself totally and become a dog musher! Spend time on a spectacular mountain trail and build a unique bond with your team of Huskies.

## The Howling Dog Advantage!

- Bow Valley's only 100% guided dogsled tour service!
- Personalized service with one guide per sled for the safety and security of our guests and our dogs, creating an enjoyable and stress free tour.
- Your guide will be with you and the team during the duration of the tour. Unlike self-guided sleds, on our tours you can learn to drive the sled, and have an experienced person with you at all times. If you choose to relax as a passenger, we guarantee that a professional guide will be driving your team.
- Because there is a guide, we have no physical ability requirements - you only do what you want to do!
- Interaction with the dogs starts within minutes of arriving at the site; guests are immersed into the whole experience (you don't have to stand around waiting for instruction) and can participate in all aspects of dog mushing - learn the dogs names and positions, harness the dogs, drive the sled, and feed the dogs biscuits and water, all at your own comfort level.
- Premium Service without paying premium price! There is no extra charge to guarantee only 2 adults per sled (other companies charge extra for this "Premium" package).

The sled configurations are up to you, determined at the time of booking and based on minimum 2 adult prices per sled. Couples or families are not split up and we do not add strangers to your sled.

If you can dream it, you can do it,  
with Howling Dog Tours.
