

SAILING ADVENTURES IN HOWE SOUND

Venture BC is a certified Recreational Boating School based in Howe Sound, British Columbia. We offer sailing instruction, International Yacht Training Certification, celebration sails, cruising adventures & more.

ABOUT

Keanna has been sailing all her life. Growing up on the coast of British Columbia, she fell in love with the ocean. So much so, that she has worked hard to make sure she could have a lifestyle surrounded by water.

Keanna holds a Master of Yachts Unlimited certificate, Instructor qualifications and is a certified Padi Dive Instructor.

Keanna has been fortunate enough to sail through many seas – she has sailed around many parts of the Caribbean, the Hawaiian islands, California's coast, and of course, all throughout beautiful British Columbia's waters.

In 2014, Keanna took part in a college program aboard a 112 foot schooner sailing through Indonesia, across the Indian Ocean, and down the coast of South Africa.

Keanna has worked in the charter/ tourism industry for the past seven years – from Vancouver, BC, to the Cayman Islands, the British Virgin Islands, and back again to BC.

Keanna loves sharing her passion, not only for sailing, but for all water sports and exploration of new places. She can't wait to meet you!

Venture is a Catalina 30 MK II built in 1988.

She is a sloop rigged sailboat with an inboard diesel engine. She has spent most of her life cruising BC's coastline. Despite her age, she has been very well maintained and has never let us down.

LESSONS

Interested in learning how to sail?

We offer customizable private lessons to all levels of sailors.

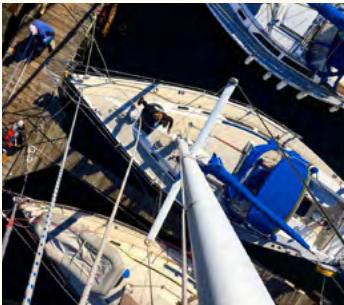

Already have experience but would like to gain

certification? We are an International Yacht Training school, meaning we can offer IYT certifications.

Private Lessons

Whatever your level of sailing is we will customize the lesson so you can make the most out of your sail. Learn basic sailing skills, useful knots, & take the helm.

VHF Maritime Radio Training Course

Students will learn how on board radios and handheld radios, EPIRBs, SARTs, AIS and DSC-enabled radios, are used effectively in marine communications.

IYT Certification

- IYT International Crew
- IYT Flotilla/Bareboat Skipper

+ more

ADVENTURES

Ready to get out on the water?

Our sailing adventures offer the perfect option for those who want to get out on the water and relax, enjoy time with loved ones and explore the wild ocean.

Customize your Sail!

Help the skipper plan the route for your sail, cruise to another Bay and go for a dip or get involved with the sailing. We want you to enjoy the sail as much as possible so we are open to seeing how you would like to spend your time onboard!

Sit Back + Relax

Enjoy a peaceful evening in Howe Sound. Bring some snacks or a full picnic dinner and enjoy the 360 degree view cruising has to offer. We have a bbq on board you are welcome to use and a fridge to keep your drinks cold.
